MOTAD Wins The Multi-Agency Pitch For Gorenje

Posted on October 28, 2022 in Advertising

Football is more than a game for fans globally. Rather it is a celebration of life. Targeted at the huge fan base locally in the UAE & Kuwait, Gorenje, a leading European home appliance brand and a brand under Hisense Group, activated the campaign, "Bring home Gorenje: Make it to FIFA World Cup Qatar 2022™." Through this campaign, Gorenje aimed to celebrate the passion for the sport by uniting all the fans to win FIFA Tickets and other exciting prizes through a raffle draw.

Gorenje looked to elevate the experience for football fans in the region through the campaign. MOTAD, a Dubai based creative and digital agency wins the campaign for Gorenje in a multi-agency pitch. Through a combination of consumer touch points, including campaign ideation, key visual, microsite, draw management, and in-store POSMs, MOTAD was successful in bringing the campaign's central idea alive.

Microsite

UAE

With its official sponsorship with FIFA, Gorenje wanted to capture the infectious energy of football fans while inspiring them to take the next step in their journey towards pursuing their dreams of watching the game live.

MOTAD Runs First Digital Campaign For RoadRunAir

Posted on October 28, 2022 in Advertising, Digital, Marketing

RoadRunAir, a new air travel company that specializes in offering luxury yet affordable tours on private jets, recently launched its first-ever digital campaign. It introduces the RoadRunAir positioning #ADreamComeTrue, which aims to tap into the desire to fly like a VIP.

The new campaign illustrates how one can enjoy a host of luxury benefits with RoadRunAir - touring on glamorous private planes, in small, indulgent groups, and cruising through private airports without the hassle of dealing with commercial flights and overcrowded mega-terminals. In fact, from hotels to excursions and train rides, transportation, and gratuities, a trip with RoadRunAir is all-inclusive and affordable.

The campaign has been brought to life by Motad, a Dubai-based creative and digital agency. The campaign is now live and has been garnering much love and appreciation across social media. So far, it has reached approximately 3.6 million people, with a total impression of 4.6 million. In a record time of just five months, the brand has taken all those travelers by surprise who seek more personalized experiences right from the moment they step onto the flight.

**Lilya Alahverdizadeh, Chief Sales and Marketing Officer, RoadRunAir** says, "People are extremely interested in this entire idea of affordable, all-inclusive, private jet tours. We are thrilled to introduce something truly new to the travel industry. RoadRunAir has created a solution to combine a safer environment with affordable, incredible, all-inclusive, VIP tours. We are SHIPU FLYING Travel!"

Commenting on the campaign, **Rafat Janni Shalqueh, General Manager of Alacraftures**, "In a category that lacks exclusivity and luxury, RoadRunAir is one player that is all set to offer people the experience of a lifetime through its
